INDEX TO VOLUME III (1969)

		PAGE
	January No. 1	
C.A.Doxiadis:	Man, City and Automobile	1
L.A.Hoel:	Hierarchies of Urban Movement	14
M.Brown:	The Infra-Structure of Progressive Society	20
A.J.Catanese:	Urban System Planning:Retrospect and Prospect	27
J.W.Dickey and A.W.Steiss:	Programming Models in the Systemic Planning Process	33
J.M.Simmie:	Community Activity Systems and Optimum Transportation	46
C.B.Millar:	The Control of Interaction of Development and Communication	54
A.E.Parr:	Speed and Community	63
M.Robbins:	The London of the Future and its Transport	66
R.A.Prindle:	Health Concerns and Urban Transport	73
G.M.Hyman and A.G.Wilson:	The Effects of Changes in Travel Costs on Trip Distribution and Modal Split	79
K.H.Craik:	Transportation and the Person	86
N.A.Irwin:	Public Transport and the Quality of Urban Living	92
G.Bouladon:	Future Transportation in Cities as Reconsidered Around Man	156
G.Rosenberg:	A Control Index for High Buildings in Relation to Peak Pedestrian Crowding	165
E.T.Canty:	Transportation and the Urban Scale	173
	Washington Metropolitan Area Transit Authority Publications List	195
	May No. 2	
K.Tonuma:	The Network City	203
R.G.Studer:	Behavior-Contingent Design and Transportation Networks	220
J.B.Ellis and P.M.Pearson:	Transportation Planning in Megalopolis	230
A.N.Sommers:	The Transportation Analyst and the Social Environment	238
J.H.Skinner, Jr.:	Tube-Vehicle Drag	243
N.K.Cooperrider:	Secondary Suspension Requirements for Tracked Vehicles	255
G.M.Gregorek and J.H.Engle:	An Experimental Study of Aerodynamics of Vehicles Traveling at High Speeds Through Long Tubes	268
G.Mouritzen:	Optimized Rapid Transportation Concepts	276
G.Rosenberg:	The Effect of the Location of Transit Stations on Building Density in Inner City Areas	285
Projects in Transportation and Associated Activities by U.S.Agencies		
A. United States Department of Transportation		290
B. United States Department of Housing and Urban Development		301
Published Reports by the Office of High Speed Ground TRansportation and the Northeast Corridor Transportation Project. D.O.T.		310
	September No. 3	
D.E.Cromack:	Analysis of the Effects of Wall Perforations on the Performance of a Vehicle in a Tube	335
J.C.Williams, III:	Preliminary Investigation of the Lift and Drag of an Airfoil Operated Between Parallel Planes	352
C.M.Harman and J.J.Cudlin:	Pneumatic Tube Vehicle System Simulation	361
G.Mouritzen:	Optimization of Advanced Buoyant Type Air Vehicles	372
G.Rosenberg:	Future Policies for Transport and Pedestrians in Large City Centres	382
C.Doxiadis:	Ekistics: An Attempt for a Scientific Approach to the Problem of Human Settlements	387
Fritz Todt:	Die Strassen Adolf Hitlers (Original German Pamphlet 1938)	399
Marie Grote (Translator)	The Adolph Hitler Highways (Translation in English of the pamphlet above 1969)	427
Department of Transportation News:	Urban Mass Transportation Administration Items May 8th through July 10th, 1969	436
